Those who create lasting memories will be remembered. Beyond his good humor and good wishes, Joe Loprinzi was responsible for so many ambitions, so much personal improvement and so many wonderful memories. In his honor, the Multnomah Athletic Foundation annually awards college scholarships to deserving youth on the basis of merit and need; for accomplishments on the athletic field, in the classroom and within the community. Joe was proud of these scholarships that gave a lift to those who worked hard and needed it. The Foundation would like to thank the numerous individuals who chose to remember Joe through their gifts that would perpetuate and expand the Loprinzi Scholarships. It is through these awards that Joe Loprinzi is remembered and will continue to be remembered.
